

## To presenters at the ICLP 2018 Poster Sessions

### POSTER SESSION GUIDELINES

Please note that the ICLP Scientific Committee considers that all selected papers have equal merit. Accordingly, as per our acceptance notification letter, all papers presented at ICLP 2018, either at oral or poster sessions, are eligible to the associated events: the Young Scientist Award and the EPSR - Special Issue on Lightning Protection.

Poster sessions will be held in room P on Monday, Tuesday and Wednesday in parallel with two oral morning sessions which will be held in Rooms A and B. During this time, discussion will be possible with the authors.

A Moderator will be designated for each poster session.

After the morning oral and poster sessions, the posters will still be available to the attendees until the end of the second coffee break. During this coffee break, discussion with the authors will also be possible.

We believe that you will have a positive experience by presenting your work in a poster session at ICLP 2018.

Each author will have at his/her disposal a paper board (AO format = 85 cm wide X 120 cm high) for his/her presentation. Authors shall bring the posters printed and display them before the session starts. For the presentation, one or two tables can be used according to the needs of authors.

Please note that **no printing** of posters will be available at the Conference Center.
